

2007 Georgia Preferred Drug List For the State Health Benefit Plan

The following is a list of the most commonly prescribed drugs. It represents an abbreviated version of the preferred drug list that is at the core of your prescription-drug benefit plan. The list is not all-inclusive and does not guarantee coverage. In addition to using this list, you are encouraged to ask your doctor to prescribe generic drugs whenever appropriate.

PLEASE NOTE: The symbol * next to a drug signifies that it is subject to nonpreferred status when a generic is available throughout the year. For prior authorization (PA) inquiries or questions regarding the preferred status of drugs not listed on this document, please contact Express Scripts, Inc. at 1-877-650-9342.
